Zentangle is a form of relaxation which is achieved through drawing repetitive patterns. Simple tangles, or patterns, are combined in a spontaneous fashion that grows and changes in amazing directions. With your mind engaged in nonobjective drawing, your body relaxes. Anxiety and stress float away. For artists, it opens up new windows of creative inspiration. Zentangle is for EVERYONE. Join Loretta West to learn the building blocks of this practice. More than an art form, Zentangle is a tool for life which is practiced all over the world. More information at [Loretta's Zentangle centered blog: www.colorgardentangles.com](http://Loretta's Zentangle centered blog: www.colorgardentangles.com) \$30.00
